TRIO OF ANTI-AGING CARE

For normal to oily skin

Routine care for

- ✓ Activate cellular renewal and remove oxidized surface layers
- ✓ Fighting the aging process
- ✓ Restoration of muscle tissue and rejuvenation

MORNING

Daily and each morning

On a clean skin apply **Lift Base** on the face, neck and around the eye contour; Can be renewed several times during the day as needed.

EVENING

Day 1 and Day 2

On a clean skin, apply a thin layer of the **Advanced Activator Night 2** to the face and neck, avoiding the eye and mouth areas.

Day 3

On a clean skin apply **Lift Base** on the face, neck and around the eye contour

Day 4 same as **Day 1**

Day 5

On a clean face, apply only two drops of **Activator Lotion** with a cotton pad on the face, neck avoiding the eye and mouth area.

Then Apply a small amount of **Advanced Activator Night 2** on the face and neck, avoiding the eye and mouth area.

Day 6 and 7 same as **Day 3**

Notes

- ✓ while using the Night Treatment, don't exceed the quantity of **Activator Lotion** one or two drops are enough, also for the **Night 2** cream.
- ✓ In case of appearance of local redness, you should isolate the reactive areas from the Night Treatment until the healing of these skin spots
- ✓ In case of dryness during the day, reapply the **LIFT BASE** as needed
- ✓ In case of daily sun exposure, apply sunscreen over the **LIFT BASE**
In case of prolonged direct sun exposure during sporting activities, sunscreen should be used alone and reapplied every 2 hours.
